To the Senator  
Mr. William Moorhead  
House of Representatives  
Washington D.C.

Dear Sir,

We dare write to you, knowing your sensibility and interest in keeping Human Being Rights in force everywhere. We have appreciated this during your visit to our country when we wanted to see you, but, regretfully, did not have the opportunity.

We wanted then to beg from your kindness your help to solve the terrible and painful problem we are living and which up-to-day has found no solution. We are an Argentine married couple with two sons of 24 and 27 years old respectively. The eldest, Pablo, married, three children, was abducted the 8th of June of 1977 at 11 o'clock a.m., near the door of the company where he works, La Germinadora S.A., F.D. Roosevelt 5459, Buenos Aires City. A group of several fellows in plain clothes and carrying guns, got out from two cars parked there and, seizing him, got Pablo into one of the cars. As from then, and although all our desperate efforts before the Argentine Authorities, we have had no news about our son, not even if he is alive or dead.

Now, we humbly beg you to mediate before the Argentine Government, with all the weight of your country, so that our son may show up and come back, and this unbearable anguish that is killing us may finish. Pablo's personal data are as follows:

Name: Pablo Marcelo Córdoba  
Age: 27 years old  
Nationality: Argentine

We are sure that you will understand the affliction of parents whose children have been tore off from them and find only a hard, silent wall as an answer to their desperate enquiries. You know, Sir, this terrible nightmare we are living seems endless and now we are turning to your country, knowing that Freedom and human being rights are holy for you.

Thanking you deeply for everything you may do for us, we remain,

Respectfully yours,

Marcos A. Córdoba

P.S.: We would much appreciate your delivering the attached letter to the Committee for Human Being Rights, 10017, EC New York. You see, we have been afraid that an envelope addressed to this Committee would not have reached its destination. Thank you very much and forgive us for all the trouble we may cause you.
